SUMMARY

Aspiring AI/ML Engineer with a foundation in Python and Machine Learning concepts, currently pursuing BCA (AI & ML). Strong in problem-solving and building structured applications, with hands-on experience in web development and growing exposure to generative AI and intelligent systems. Seeking an entry-level role to build and contribute to AI-driven solutions.

SKILLS

Programming: Python, JavaScript, C, Java

AI/ML: Machine Learning Basics, Neural Networks (Basic), Deep Learning Concepts, Data Preprocessing

Libraries/Tools: NumPy, Pandas, Git, GitHub, VS Code

Web Development: HTML, CSS, React.js

Database: Oracle

PROJECTS

Online Quiz Web Application | HTML, CSS, JavaScript

- Built an interactive quiz system with real-time evaluation and dynamic question handling
- Applied structured logic and event-driven programming for user interaction
- Designed modular architecture for scalability and future AI integration

Real-Time Chat Application | React.js

- Developed a responsive chat interface using component-based architecture
- Improved understanding of scalable UI systems and state management

Portfolio Website | HTML, CSS, JavaScript

- Created a personal portfolio to showcase projects and technical skills
- Focused on responsive design and clean UI/UX principles

AI/ML Learning Projects | Python

- Practiced data handling, preprocessing, and basic ML workflows using Python
 - Explored foundational concepts in machine learning and deep learning
-

EXPERIENCE

Web Development Intern | CodTech (Remote)

July 2024 – August 2024

- Built responsive web interfaces using HTML, CSS, and JavaScript
 - Strengthened problem-solving and logical thinking through real-world tasks
 - Worked in a structured remote development environment
-

EDUCATION

BCA (Artificial Intelligence & Machine Learning)

MRIIRS | Expected 2027 | CGPA: 7.88/10

Class XII – Shree Ram Model School | 2022 | 70%

Class X – Shree Ram Model School | 2020 | 75%

CERTIFICATIONS

- AI for Students: Build Your Own Generative AI Model – NxtWave (2025)
 - AI Tools & ChatGPT Workshop – be10x (2025)
 - Augmented Reality Workshop (Snap AR Lenses) – Hack With India x MRIIRS (2025)
-

ADDITIONAL

Languages: English, Hindi, German (Learning)

Interests: Artificial Intelligence, AI Agents, Emerging Technologies
